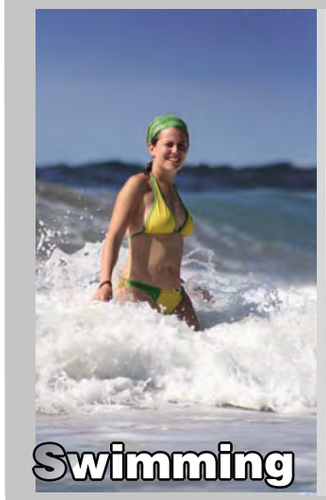
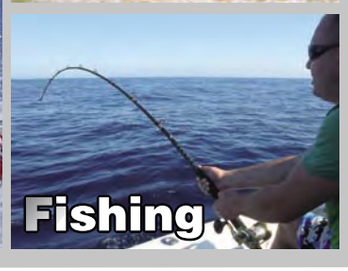
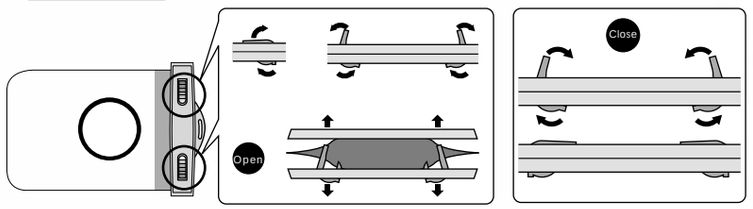
- Sutiable for lens size within 33mm (diameter), and 30mm (max. zoom distance)
- IPx8 waterproof test certified
- Suggested under water depth for up to 5 meters
- Clear transparent and soft material for easy operation
- PVC part of strong lens protection
- 100% protection for water, sand, and dust
- Solution for all kinds of water sports such as swimming, skiing, surfing, fishing





How to Use



Release the clip

Open the bag

Insert the camera

Lock the clip from both sides

Check on the red circle if properly clipped and if any air leaked when pressing

Enjoy the photo shooting after sef-check

Notice before Use

It is necessary that user should conduct a simple in-water test by putting dry paper or cotton cloth inside the bag. Soak and shake the bag in water for at least 3 mins. Wipe up the water and check the internal paper or cloth. Do replace the product from your purchase point if they are wet or we do not hold responsibility if any misconduct occurred.
